DOUG PAYNE

Trafalgar Square Books is pleased to announce the release of *The Riding Horse Repair Manual* by Doug Payne.

There are many horses out there that express discomfort or discontent in a variety of troublesome ways. These are the common problems riders at all levels deal with on a regular basis, such as bucking, rearing, bolting, pulling, grinding teeth, refusing fences, and running out—to name only a very few! Doug has made a name for himself in equestrian circles as the “go-to guy” when it comes to finding a way forward with problem horses. Now he’s sharing his tips and techniques for solving some of the most common contact issues, unruly outbursts, and jumping problems riders experience. Learn about causes for problem behavior—from physical issues to “holes” in a horse’s education—and discover dozens of safe and professionally tested solutions and step-by-step exercises.

DOUG PAYNE is a USEF Judge and Technical Delegate and a USEA ICP Certified Instructor. He might be best known in the discipline of eventing, where he has won countless competitions, and has successfully competed through the FEI C**** level and for the US at the Boekelo CCI*** Nations Cup. Since 2010, Doug has been listed with multiple horses at the top of the USEF High Performance list. Doug has also had international success in dressage, and is regularly featured in top equestrian publications. He also produced the acclaimed instructional DVD *The Rider’s Eye* with renowned eventer and horseman Jim Wofford.

“It really doesn’t matter what kind of horse you own or plan to buy... The reality of riding is that someday, one day, you’ll have a horse that stumps you—he won’t go forward; won’t accept contact; or rears, bucks, spins, or ducks out. When that day comes, you’ll want Doug’s advice on hand; you’ll need his tips and tricks and exercises. It will save you time and money, and it may help you see that your ‘problem horse’ isn’t a ‘problem’ at all—just a challenge worth meeting.”
